

COAL FOR BATTLESHIPS

Large Quantity Will be Shipped
From This Port.

NEW ZEALAND A STOPPING POINT

Fleet Will Take Fuel at Auckland on
Long Trip From Honolulu to Aus-
tralia—British Steamer Magdala
Here For First Cargo.

A large quantity of coal for the use of the battleships of the Atlantic fleet during their cruise from San Francisco to Hampton Roads will be shipped from Newport News to New Zealand. The battleships will stop at Auckland in that country during their long voyage from Honolulu to Sydney, Australia.

The first ship to arrive here to carry a cargo of coal to Auckland was the British steamship Magdala, Captain Limond, which arrived yesterday from Rotterdam via Cardiff. She will take about 6,500 tons. Four other British steamships are now en route here to load cargoes for New Zealand. All of the vessels will be loaded by the New River Consolidated Coal Company.

Newport News has shipped more coal to the Pacific for the use of the Atlantic fleet on its world circling tour than any other American port. Nearly 200,000 tons was sent to San Francisco and Bremerton, 50,000 tons went to Honolulu and about an equal amount was sent to Manila. In addition one cargo was sent to Trinidad two to Rio de Janeiro and two to the Strait of Magellan.

SHIPPING REPORT

Friday, May 22, 1908.

Arrived.

Steamer Magdala (Br.) Limond, Rotterdam and Cardiff—to New River Consolidated Coal Company in ballast.
Steamer Southfield (Br.) Tyson, Savannah—to Chesapeake & Ohio Coal Agency Company for bunker coal.

Barge Berkshire for Boston—White Oak Coal Company.

Sailed.

Steamer Bay State, Snelders, Boston towing barges Bombay and Berkshire.

Schooners Fortuna, Leighton, Newburyport, Florence M. Penley, Jameson, Cape Porpoise, Me.

TUG TWOHY GOES TO PANAMA.

Government Purchases Well Known Hampton Roads Craft.

Information was received here yesterday from Washington that the Isthmian Canal Commission has purchased the seagoing tug Jack Twohy from the Lamberts Point Towboat Company at a cost of \$75,000. The tug will proceed to Colon and be used there for towing purposes in connection with the construction of the Panama Canal.

The Jack Twohy is well known around Hampton Roads and makes frequent visits to this port, towing frequent here from the Virginia Capes.

BREMEN FINISHES REPAIRS.

German Cruiser Leaves Yard and Anchors in Harbor.

Having completed extensive repairs and a general overhauling at the local shipyard, the German scout cruiser Bremen left the yard yesterday morning and dropped anchor in the harbor.

The cruiser will leave port early next week and steaming southward she will rejoin the German South Atlantic Squadron in the Tropics.

Finn in Carolina League.
"Southpaw" Finn, the Cumberland, Md. boy who pitched for the Shipbuilders here in 1906 and 1907, is twirling for the Charlotte, N. C. club in the Carolina League this season.

On Wednesday he pitched a brilliant game at Charlotte against Greenville, allowing only two hits in the game and lining out a three-bagger himself.

Barry Mitchell in Dock.
The Seaboard Transportation Company's barge Mary R. Mitchell is having her hull below the waterline cleaned and painted in dry dock No. 2, at the shipyard.

Calendar for Today.

Sun rises 5:50 a. m.
Sun sets 7:13 p. m.
High water 4:57 a. m., 4:53 p. m.
Low water 10:27 a. m., 10:57 p. m.

SEVEN MEDALS FOR THE HIGH SCHOOL STUDENTS

Seven hand-made gold medals will be awarded the students of the Newport News High School during the commencement exercises that will be held during the first week in June.

The first awards will be made at the annual celebration of the High School literary society in the school building on the night of Friday, June 5. These awards will be made as follows:

Best debate: Question—Resolved, That the Press Has a Greater Influence on Civilization Than the Pulpit. Debaters—Affirmative, Douglas G. Tinsley and Miss Dolle Fleury; negative, Lucien Hall and Miss Annie Conway. Medal offered by Superintendent of Schools W. C. Morton.

Best orator: Orations to be delivered by Percy Hamilton, Nelson Overman and James Williamson, Jr. Medal offered by Schmeltz Brothers.

Best declamation: Declarations to be delivered by Harvey Cooke, Burroughs Clark and Archer Shankland. Donor of medal not made public.

Best elocutionist: Recitations to be made by Alvin Jernigan, Misses Irma Manley, Jannie Meis, Myrtle Phipps and Nellie Frank. Medal offered by Weaver Bros.

The contestants for these medals have been selected by the High School faculty from the society membership and are regarded as the most proficient of the students in the work assigned them in the contest. Judges will be appointed for each contest.

Three medals will be awarded at the Academy of Music during the exercises of the graduating class on the night of June 8. These medals are offered by J. R. Sprague, Caleb D. West and Wertheimer & Company for the best essay, best story and best poem, respectively, that have appeared in the High School Student this season. A committee appointed by the school faculty will decide upon the awards.

All the medals are now on exhibition in the window of the Sprague Jewelry store, 2801 Washington avenue.

DISCOVERS GOOD BUGS THAT EAT UP BAD BUGS

Parasites Brought from Abroad by Agricultural Department Doing a Good Work.

(By Associated Press)
SAN FRANCISCO, CAL., May 22.—After a remarkable quest in the far East for the natural enemies of pests that infest American orchards, George Compton, entomologist, arrived here on the liner China last night successful. He left in Western Australia a parasite that was reducing the ravages of the fruit fly to a noticeable degree. This parasite was discovered five years ago in India, but previous attempts to introduce it into Australia failed on account of the opposite seasons. By putting the bugs to sleep in India with ice Compton got one hundred thousand of them to Australia alive. He woke them up in the Australian winter. The parasites apparently thinking they were still in India went to work with a will. Three generations of native born bugs saw the light before Compton left the antipodes. He also took to Australia a parasite which swept away like fire the cabbage aphids. Mr. Compton has brought to California a parasite to destroy the mealy bug, a pest that causes great grief to the orange grower. He discovered this friendly bug in Japan.

RETURNS STILL INCOMPLETE

Brown Leads in Race in Florida Sen. Senatorship. However.

TALLAHASSEE, FLA., May 22.—Owing to the great length of the ticket returns from Tuesday's Democratic primaries are still incomplete. Reports today, however, show that Napoleon B. Broward, governor of Florida, leads in the race for the United States Senate over Fletcher, Lamar and Beard.

Albert W. Gilchrist, for governor, has the lead over Stockton. Broward and Fletcher will go in the second primary for United States Senator. Kehoe and Mays for Congress, and Gilchrist and Stockton for governor.

MANDAMUS BILL READY

Judge Blackstone's Attorney Prepared For Their Fight.

CONTENTS OF PAPER K PT SECRET

Messrs Bickford, Ashby and Collier Will Go to Wetherville on June Second to Ask Supreme Court to Reinstate Their Client.

Attorneys C. Ashby and R. G. Bickford, of this city, and Fay S. Collier, of Hampton, counsel for Judge John W. G. Blackstone, yesterday completed the preparation of a bill of mandamus asking the State Supreme Court to reinstate Judge Blackstone on the bench of the Eleventh judicial circuit on the grounds that his recent removal by the State legislature was illegal. The bill will be presented to the Supreme Court when that body convenes at Wetherville on Tuesday, June 2.

The bill was sent to Judge Blackstone at his home in Accomac yesterday evening for his signature. Its contents will not be made public until after its presentation to the court. The bill contains the typewritten pages.

Accompanied by his three attorneys, Judge Blackstone will go to Wetherville to attend the session of the Supreme Court. The judge has been at his home in Accomac since a few days following his removal from the circuit bench. At that time he was in very feeble health, but his condition is now reported to be very much improved.

DIED AS RESULT OF HIS TERRIBLE PLUNGE

Samuel Y. Gilliam, of Dinwiddie, Who Fell Forty Feet from a Trestle Expires from Injuries.

PETERSBURG, VA., May 22.—Samuel Y. Gilliam died at the Petersburg hospital about seven o'clock this morning of injuries received yesterday by a fall from an electric car on the Richmond and Petersburg line while crossing the high trestle on the Chestfield side of the Appomattox river bridge. The fall to the ground was distance of fully forty feet and his injuries were such as from the first to preclude any hope of recovery. Indeed he lingered longer than his physicians expected.

Mr. Gilliam was on his way to Richmond to attend to some important business. He fell from the rear platform of the car at the point of a sharp curve in the trestle. The carning of the car may have caused him to fall.

Mr. Gilliam was about 50 years old and was one of the most prominent citizens in this section. He lived on a fine estate near the historic Five Forks in Dinwiddie. The confidence imposed in him by the people of the county was often shown by the important trusts they confided to him. He at one time represented the county in the lower House of the general assembly, was twice elected sheriff and served two terms as treasurer of the county, retiring from the latter office on the first of January last. He also served as deputy in charge of the internal revenue office in this city.

REPRESENTATION IS WRONG.

"That," Says Senator La Follette, "is Our Real Political Trouble."

"My interview with Senator La Follette was rapid and easy," says Lincoln Steffens, in the June Every-body's. "When I asked him what the matter was, late one night at his home, he said casually: 'Politically, the trouble can be summed up in one phrase: misrepresentation of government. Our Government does not represent the people. 'Am I back of that?' 'He looked sharp, but he answered: 'Back of that is the fact that government does represent privilege. I don't mean, of course, such empty privilege as we hear of in Europe: honors and titles. I mean that our Government is manned by the agents, sometimes honest, often corrupt, of business which have, or want to have, what we call 'special privileges,' which really are just plain advantages over men and other citizens.'"

"For example?" "Francis to run railroads, exceptional rights to land and timber, deposits of minerals, coal—the natural resources of this country."

"But these must be developed and worked?" "Yes," he said quietly, but in the public interest. And it isn't in the public interest to have individuals or corporations run them with an eye single to the profit of monopoly. That produces wealth but not for the people. It impoverishes the people. It lets a few rich men and the power for good or evil of the men who get it, and they use it to corrupt our Government and our courts to get more resources, more profits, and more power. For when these men use the uses of privilege, they seek more, and so we find them slipping through legislative special laws for private purposes and bribing the police for license to break common laws. These, in general, are the evils for

which good citizens corrupt their government."

"What do you propose to do about it?"

"What we did in Wisconsin," he answered. "Restore a representative government; reduce the democracy set up an establishment which will deal in our interest with all these forces."

The Yellow Peril Again.

We have just been shown a bottle of sauce made by the "well-known" firm, Kirish & Co. of London, which seems at first sight a clever imitation of Lea & Perrin. The Japanese "manufacturers" claim that their excellent and "original" imitation is very suitable for "tramp" cooking, we presume, suitable for sauce. The following is the label:

"Kiri's Original and Genuine Worcestershire Sauce."

The most Wholesome. Preparation being manufactured from the Best and Finest Oriental Insect Deterents comes a Continent appetizing, most palatable and nutritious food being served.

It is Ed Pare and Noll Prepared that it may be used with all kinds of Hot and Cold Meat, Lamb, Poultry, Ragout, Beef, Chicken, Steak, and Pork Chops, Gravy, and all Palatable Dressings.

The size of a small quantity of it is sufficient to give a meal.

Appetizing Relish to all the Abroad Dishes.

Sole Proprietors and Manufacturers: Kirish & Co., London.

Kirish is prepared from the receipt of an influential gentleman of that country, Calcutta (India), Englishman.

Woman Slid away on Torpedo Boat. (By Associated Press.)

VALLEJO, CAL., May 22.—A young woman giving the name of Olga Lyle and her home as Los Angeles was arrested last night on Georgia street while entertaining a crowd of blue jackets from the torpedo flotilla. She admitted having come up from San Pedro as a stowaway on board the torpedo boat Hopkirk.

One seaman reported at the police station and offered to marry her on his next pay day, but she is still in prison.

Academy Vaudeville.

At the moving picture show at the Academy of Music today, three special films, "The Atsarp," "True Heart's" and "The Sewell Roberts," will be shown. In addition there will be the usual vaudeville acts. There will be a special matinee for ladies and children at 2 o'clock this afternoon.

Case is Continued.

In the police court yesterday the case of Charles Burke, the little boy who was summoned to appear to answer to the charge of larceny, was continued until May 28. The officers are working up the evidence in the case, and it is expected that other boys will be implicated.

SCHOOL GIRLS

Most of our ambitious young American girls work too hard at school.

Many teachers have little or no judgment about pushing a child beyond her endurance. They ought to know that girls especially have a danger period. Often, too often, utter physical collapse is the result, and it takes years and years to recover lost vitality.

Many a young girl has been helped over this critical period, and been prepared for a healthy womanhood by LYDIA E. PINKHAM'S VEGETABLE COMPOUND.

Miss Elsie L. Hook, of Chelsea, Vt., writes to Mrs. Pinkham:

"I am only sixteen years old, but I want to tell you that Lydia E. Pinkham's Vegetable Compound and your advice cured me of headache, periodic pains and sleeplessness, also of a nervous, irritable condition after everything else had failed, and I want to thank you for it."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ailments, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

It Counts

That's why the successful business man pays particular attention to his

Printing and Stationery

It will help your business if you give this part of it more consideration, and see to it that you get the best your money will buy.

We carry high grade Stationery and do good printing. Our prices are moderate, quality considered.
